

## Working Holiday in Hong Kong

### The Scheme

Since 2001, the Government of the Hong Kong Special Administrative Region (HKSAR) has established bilateral Working Holiday Scheme arrangements (the Scheme) with the Government of New Zealand, Australia, Ireland, Germany, Japan, Canada, Korea, France, the United Kingdom, Austria, Hungary, Sweden, the Netherlands and Italy respectively. The Scheme not only facilitates cultural exchanges between Hong Kong and our partner economies, but also helps enhance bilateral cooperation and promotes tourism and development.

Under the Scheme, participants may stay in Hong Kong for an extended period. Successful applicants will be issued a working holiday visa by the HKSAR Immigration Department. During their stay, they can engage in short-term employment, or even enrol in short-term course(s) (except Ireland).

Through these first-hand living and working experiences, the youths from our partner economies will be able to acquire a better understanding of the cultural and social developments of Hong Kong.

### Eligibility

A national of Hong Kong's partner economy who meets the following eligibility criteria may be granted a working holiday visa for participating in the Scheme:

- he/she is aged between 18 and 30 (both ages inclusive) at the time of making application;
- his/her primary intention is to holiday in Hong Kong;
- he/she must not be accompanied by any dependents during the journey;
- he/she holds a valid national passport issued by the partner economy and is ordinarily residing in that partner economy;
- he/she is able to produce financial proof of having an amount sufficient for his/her maintenance during his/her proposed stay in the HKSAR, e.g. bank statements, saving accounts passbooks, etc.;
- he/she holds a return air ticket or financial proof of having sufficient funds to purchase a return air ticket; and
- he/she agrees to hold medical, healthcare (including hospitalisation), repatriation and liability insurance to remain in force throughout his/her stay in the HKSAR.

There is an annual quota for nationals of each partner economy under the Scheme and qualified applications will be approved on a first-come-first-served basis.

## What Can I Expect From A Working Holiday In Hong Kong?

### *Hear From The Working Holidaymakers!*

Hong Kong has hosted thousands of youths from its partner economies through the Working Holiday Scheme since its inception in 2001. As a dynamic Asian hub where East meets West, Hong Kong has everything to offer – from cosmopolitan lifestyle to mouthwatering delicacies and intriguing encounters – and is a perfect working holiday destination for all adventurers. Let's hear what the working holidaymakers have in mind for the city and their experience here!

#### *Susan Lutz from France, 2016-2017 Hong Kong*

"The Working Holiday allowed me to live in a global city, to discover a different culture and a different lifestyle. It enabled me to discover different sectors of activities, to develop my professional network, to prove myself in a job that I like and to confirm my desire to travel. I have a lot of memories in Hong Kong: the meetings, the challenging but magnificent hikes, the innumerable restaurants and of course the nightlife in Lan Kwai Fong!"

#### *Mayumi Fujimoto from Japan, 2014 Hong Kong*

"The greatest reward for me is that I got to know many friends during working holiday. Through repetitive practice and daily conversation with local people, I became able to understand and communicate with Cantonese. Moreover, I was more willing to express my own opinion compared with living in Japan due to the open-mindedness of Hong Kong culture. I could just speak what I think."
